

ICRES 2022

JUNE 10-12, 2022
BANGKOK, THAILAND

CONFERENCE INTRODUCTION

The 2022 4th International Conference on Resources and Environment Sciences (ICRES 2022) will be held during June 10-12, 2022 in Bangkok, Thailand. ICRES 2022 brings together innovative academics and industrial experts in the field of Resources and Environment Sciences to a common forum.

The primary goal of the conference is to promote research and developmental activities in Resources and Environment Sciences. Another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working in Bangkok and abroad. The conference will be held every year to make it an ideal platform for people to share views and experiences in Resources and Environment Sciences and related areas.

PAPER PUBLICATION

For papers submitted to ICRES 2022, after the peer reviewing process by at least 2-3 experts, all the accepted papers will be published into **International Conference Proceedings**, which is indexed by **EI Compendex**, **Scopus**, Thomson Reuters (WoS), Inspec, et al.

Virtual Conference

ICRES 2020
Virtual Conference

ICRES 2019
Jeju Island, South Korea

COMMITTEES

Conference Advisory Chair

Prof. Orawan Siriratpiriya, Chulalongkorn University; Resources Management for Sustainability (3R) Foundation: 3R Foundation, Thailand

Conference General Co-Chairs

Prof. Orawan Siriratpiriya, Chulalongkorn University; Resources Management for Sustainability (3R) Foundation: 3R Foundation, Thailand

Prof. Khaled M. Bali, University of California, San Diego, USA

Conference Program Chairs

Prof. Koh Hock Lye, Sunway University, Malaysia

Prof. Dennis Y.C. Leung, University of Hong Kong, Hong Kong

Conference Steering Committee

Prof. Pralong Dumrongthai, Former Director General, Pollution Control Department; Ministry of Natural Resources and Environment, Thailand

Prof. Por Punyaratabandhu, Resources Management for Sustainability (3R) Foundation

Prof. Sumrit Chusanathas, Resources Management for Sustainability (3R) Foundation

CALL FOR PAPER

Topics of interest for submission include, but are not limited to:

- Life cycle analysis
- Environmental systems approach
- Renewable sources of energy-energy savings
- Clean technologies
- Sustainable cities
- Health and the Environment
- Health related organisms
- Hazardous substances and detection techniques
- Biodegradation of hazardous substances
- Toxicity assessment and epidemiological studies
- Quality guidelines, environmental regulation and monitoring
- Indoor air pollution
- Water resources and river basin management
- Regulatory practice, water quality objectives standard setting, water quality classification
